## ABOUT ME

I am a Full Stack Developer and Systems Engineer. I can develop web pages and applications from the backend to the frontend, applying the basics and good practices of software development learned at college. I am interested in a Full Stack or Frontend Developer position that allows me to create value for the company and clients in a work environment where work ethic and personal and professional development are encouraged.

## EDUCATION

2016-2021 **System Engineer**  
Santa Ana de Coro Universidad Nacional Experimental de la Fuerza Armada

## COMPLEMENTARY EDUCATION
